

Interjection Examples and Meanings with Explanation

Interjection is used to show emotions and sentiments of [Nouns](#) and speakers. **Interjection** has no grammatical relation with the sentences. In academics writing, Interjection has very less uses. Students use interjection when they have to write a quote or saying.

For Example: Hey! Making mistakes again and again is not good.

In this example, interjection **Hey** is used to give attention what speaker is saying.

Note: Most of the Interjections are followed by **exclamation sign (!)**.
